Three copies of this permit and city approved construction plans...

This permit does not in any way authorize the construction of any paving, structures, storm drain system, utilities or fill to be placed in the floodplain. The exception is the construction of necessary temporary haul roads, construction entrances, and ditches for drainage on the site, rock berms, or other erosion control measures as specifically shown on the plans released for construction.

Any area in which there may be public right-of-way, fire lane or floodplain must be compacted, tested and inspected per city requirements or the fill must be removed and properly compacted, tested and inspected at no cost to the City. This permit does not relieve the permittee from obeying all local, state and federal laws.

PERIOD OF PERMIT: Grading plan approval shall be effective for 180 days. If after 180 days, construction has not commenced, the plans must be resubmitted for approval. Construction and grading must be completed within 12 months of commencing construction or an extension must be approved by the City to continue work.
