Residents encouraged to keep watercraft stickers current

THE COLONY, Texas – Residents are advised that effective March 1, the definition of a “junked vehicle” for purposes of Community Image enforcement will now include watercraft that do not have current certification numbers on board.

The new definition is a result of the passage of Texas House Bill 2305 in 2013. Specifically, HB2305 provides a new definition of “junked vehicle” to include a watercraft that: (A) does not have lawfully on board an unexpired certificate of number; and (B) is not a watercraft described by Section 31.055 of the Texas Parks and Wildlife Code, as amended.

For additional information regarding HB2305, please contact the Community Image Department at 972-624-3151 or see the full bill online at the Texas Legislature’s website, <http://www.legis.state.tx.us/tlodocs/83R/billtext/html/HB02305F.htm>.
