

PRESS RELEASE – Sept. 28, 2016
Government Relations: 972-624-3108

Main Street driveway & arterial closures

THE COLONY, Texas — As part of an effort to keep residents informed, officials with the City of The Colony are in continuous contact with representatives from the Texas Department of Transportation regarding the progress of the Main Street Widening Project.

In addition to lane closures along the roadway, we feel it important to provide residents with notices of traffic switches and other roadwork that may impact their travels.

Upcoming or ongoing **drive way closures** are listed below. *You may need to refresh your browser to view the most-current document.*

Drive way & Arterial Closures

The following drive way and arterial roads will be closed as of Sept. 28, and remain closed approximately 30 days to facilitate pouring of new concrete for reconstructed Main Street lanes along a southwestern stretch of FM423:

- Driveway entrances to the Taco Bell, Braum's, and strip shopping center just northwest of the Main Street/South Colony intersection are closed. Access to those businesses remains open at the O'Reilly Auto Parts location to the north and South Colony Boulevard to the south.
- Driveway entrances to the Shell station and Dry Clean Super Center are closed. Access to those businesses remains open via Westport Drive.
- **Friendship Lane will be closed starting Thursday, Sept. 29.** Access to the Ridgepointe subdivision remains open at Ridgepointe Drive.

During construction, the Engineering Department will also post updates and information regarding the overall progress of this project at <http://thecolonytx.gov/Resident/RoadRepairs.html>, including when and where specific work will take place. In addition, updates can be found on the city's social media and in the bimonthly electronic newsletter. If you have additional questions, you may email Director of Government Relations Brant Shallenburger at bshallenburger@thecolonytx.gov or call 972-624-3108.
