

PRESS RELEASE – Jan. 20, 2017
Government Relations: 972-624-3108

Lake Highlands at FM 423 closed Jan. 23 to March 24

THE COLONY, Texas — As part of an effort to keep residents informed, officials with the City of The Colony are in continuous contact with representatives from the Texas Department of Transportation regarding the progress of the Main Street Widening Project.

In order to continue that progress, TxDOT officials have advised the city that there will be **full closures of both West and East Lake Highlands Drive at the intersection with FM 423 for approximately 60 days, starting 9 a.m. Monday, Jan. 23 and continuing through March 24.** These closures are necessary for installation of sewer line, storm drainage, and paving work. During this timeframe, **westbound motorists may detour via Lake Park Drive** to the north of Lake Highlands. **Eastbound motorists may detour via Witt Drive** to the south.

During Main Street reconstruction, the Engineering Department posts updates and information regarding the overall progress of this project at <http://thecolonytx.gov/Resident/RoadRepairs.html>, including when and where specific work will take place. In addition, updates can be found on the city's social media and in the bimonthly electronic newsletter. If you have additional questions, you may email Director of Government Relations Brant Shallenburger at bshallenburger@thecolonytx.gov or call 972-624-3108.
