

PRESS RELEASE – April 5, 2017
Government Relations: 972-624-3108

Traffic switch on northbound Main Street set for April 6

East Lake Highlands Drive to reopen; Witt Drive to close

THE COLONY, Texas — As part of an effort to keep residents informed, officials with the City of The Colony are in continuous contact with representatives from the Texas Department of Transportation regarding the progress of the Main Street Widening Project.

In order to continue that progress, TxDOT officials have recently advised the city of:

- **traffic switch for northbound traffic on Main Street/FM 423 between North Colony Boulevard and Overlake Drive** starting Thursday, April 6. Traffic will be moved onto the newly paved lanes to the east;
- **full closure of Witt Drive at the intersection with Main Street/FM 423** starting Thursday, April 6, for paving work. East Lake Highlands Drive will be reopened at that time.

During Main Street reconstruction, the Engineering Department posts updates and information regarding the overall progress of this project at <http://thecolonytx.gov/Resident/RoadRepairs.html>, including when and where specific work will take place. In addition, updates can be found on the city's social media and in the bimonthly electronic newsletter. If you have additional questions, you may email Director of Government Relations Brant Shallenburger at bshallenburger@thecolonytx.gov or call 972-624-3108.
