

Overnight work scheduled in City Hall parking lot Aug. 7-8

THE COLONY, Texas — Starting at 5 p.m. Monday, Aug. 7, contractors will begin routine work on the cell tower in the parking lot of City Hall, 6800 Main St. The work will last until approximately 6 a.m. Tuesday, Aug. 8.

The western-most portion of the lot in front of the City Hall entrance will be blocked overnight during the work but motorists may still pass under the awning (clearance of 9-feet, 6-inches) to access either side of the building for utility billing or library book drop-offs, as shown in the graphic below.
